

GLOBAL COMPACT Good practices 2021 (Financial Year 2020)

Dassault Aviation is among the major players in the global civil and military aircraft industry.

A reasonably sized and financially secure private international group, with a presence in more than 70 countries across 5 continents, Dassault Aviation has been profitable ever since its creation in 1936.

Structured to adapt its production to market cycles, Dassault Aviation encompasses a rich industrial network of high-tech companies in France, Europe, and many countries worldwide.

In order to achieve its objectives in a highly competitive and increasingly global economy, Dassault Aviation builds on strong values, a clear identity and strict ethical standards.

Its values are customer spirit, human qualities, technological excellence and innovation, economic performance, openness to the world, environmental protection measures.

Commitment

Dassault Aviation joined the UN Global Compact initiative in 2003.

The Group, whose Chairman and Chief Executive Officer is Mr Eric Trappier, supports the ten principles relating to human rights, labour standards, environmental protection and the fight against corruption. It is through this commitment that Dassault Aviation has progressively incorporated the Global Compact principles into its strategy, culture and daily operations, thus actively contributing to 8 of the 17 UNO sustainable development goals.

Dassault Aviation renews its commitment to the Global Compact for 2020 and 2021.
